EXPERIENCE

SA Health

Role: Data Analyst Graduate

Flinders Drive, Bedford Park SA 5042

Employed from April 2026 - Present

Data Analyst Graduate role working for SA Health. My role includes being part of the digital health team solving problems data and software related. Daily we use various tools such as PowerBI, Azure Data Factory, Snowflake, SQL and Denodo, Streamlit, HTML, CSS and python. These tools are used to analysing data, problem solve and build full stack dashboards and applications for the hospital from frontend to backend.

SA Health

Role: Digital Health Intern

Flinders Drive, Bedford Park SA 5042

Intern from July 2025 – October 2025

Being an intern in the digital health team at SA Health, my role has consisted of being a technical developer. Getting on the job training for a government organisation was a great experience and I have learned so much, using various tools such as PowerBI, Azure Data Factory, Snowflake, SQL and Denodo which are all different software/languages that I used daily. I also learnt streamlit and became more proficient in HTML, CSS and python. Not only have I built my professional development but also learn so much about analysing data, problem solving and building full stack dashboards and streamlit applications for the hospital from frontend to backend.

AFL Max

Role: Educator/Team Leader/Indoor Footy Coordinator

32 Butler Boulevard, Adelaide Airport SA 5950

83126585

Employed from September 2020 - Present

Working at AFL Max for over 5 years, my role has involved being apart of a range of different programs that include working with children and managing large amounts of staff. My role as a team leader has been to be a manager for the staff and to ensure programs, camps and anything from day to day runs smoothly in the venue. My role has also involved being an educator, running different leadership, mental health and high-performance camps for various different schools that hold these camps at the venue. I have also run different fun excursions and incursions for different groups and schools as well. I also run an indoor footy competition at AFL Max which all admin work and the nights are all ran by me. I have also won multiple employee awards for work ethic and conduction of programs at AFL Max.

Golf Australia

Role: Production Operations

Employed from February 2026 to March 2026

Gained hands-on experience as part of the Production Operations team with Golf Australia, developing key skills in event management and live production. Based at Kooyonga Golf Club over a four-week period, I contributed to the setup and delivery of the Australian Women's Open for golf, combining physical work with strategic planning to help execute a world-class event broadcast to a global audience.

Beachside Blends

Role: Worker

101-103 Partridge Street, Glenelg South SA 5045

Employed from June 2023 - June 2024

My role as a member of the Beachside Blends team was to serve customers and make smoothies and bubble teas. Customer service was at the forefront of this job, making connections to try to retain customers.

GLAM

Role: Worker

Closure in May 2024

Employed from January 2022 - closure

My role as a member of the GLAM nutrition team was to serve customers and make smoothies and bubble teas. Customer service was at the forefront of this job, making connections to try to retain customers.

McDonalds

Role: Crew Member

476 Anzac Highway, Camden Park SA 5038

(08) 8294 5155

Employed from November 2019 - September 2020

As a crew member at McDonalds, my role consisted of customer service behind the counter and POS machines aswell as making food and beverages for customers.

Additional certifications and checks

- Working with children's check

- First aid and CPR
- Safe food handling training
- Responding to Risks of Harm, Abuse and Neglect (RRHAN)
- RSA (Responsible services of alcohol)

INTERESTS

- I play Aussie rules footy for SHOC's (Sacred Heart Old collegiates)
- I enjoy watching sports, in particular Aussie rules footy, soccer and basketball
- I enjoy going to the gym and keeping active with running and swimming
